

SAY SOMETHINGTM

ANONYMOUS REPORTING SYSTEM

Sandy Hook
PROMISE

What is the PROBLEM?

Each year in schools and communities across the United States, there are millions of youth who hurt themselves or others through verbal, physical and digital means.

These behaviors can cause youth to experience emotional trauma and physical injury, mental health or wellness issues, stress or anxiety, and/or feelings of being unsafe.

Too often the outcome results in self-harm, suicide, and homicide.

THE FACTS

In a majority of these acts, youth and adults are witness to threats, warning signs or signals, especially on social media, but do nothing to intervene to help the at-risk youth. **In fact:**

- Over **1 million students** reported being harassed, threatened or subject to other forms of cyberbullying (www.nveee.org/statistics/, 2016)
- **80% of school shooters** told someone of their violent plans. 59% told more than one person (Vossekuil, B., et al., 2002)
- A national study found that **37% of threats** of violence, bullying, etc. were sent electronically and 28% used social media (Trump, K., 2015)

THE REASONS

There are many reasons why youth and adults do not *Say Something* when they see a warning sign or signal. **They do not:**

- Understand or know how to recognize warning signs and signals of at-risk behavior
- Believe a threat to be true because “they would never say it publicly if they meant it”
- Want to be labeled, stigmatized and/or possibly physically threatened as a “snitch”
- Know who to tell or “believe that nothing will be done to help anyhow”
- Think they need to because someone else will say something

SAY SOMETHING

ANONYMOUS REPORTING SYSTEM

What is THE SOLUTION?

The *Say Something* Anonymous Reporting System (SS-ARS) teaches youth and adults how to recognize warning signs and signals, especially within social media, of individuals who may be a threat to themselves or others and *Say Something*, using our anonymous reporting system, **BEFORE** it is too late.

The SS-ARS Program Teaches

- How to recognize the signs and signals of at-risk behaviors — especially within social media
- How to take every sign and signal seriously and act quickly to get help by talking to a trusted adult, calling 911, or using an anonymous reporting system
- How to anonymously report to SS-ARS 24/7/365 Crisis Center via mobile app, website, or telephone hotline
- How to respond to and manage tips within the SS-ARS tip-management system
- How to sustain the program through our robust suite of activities, lesson plans, and call-to-action weeks, with help from our account management team

The SS-ARS Program

- Provides an app, website and 24/7/365 telephone hotline for youth and adults to submit anonymous tips
- Is supported by a 24/7/365 National Crisis Center
- Employs a team of highly-skilled, multilingual Crisis Counselors, trained in suicide and crisis management, who receive and triage tips
- Uses a proven process to triage all tips into "Life Safety" or "Non-Life Safety," for instant routing and prioritization by school officials and/or 911 Dispatch, via text, email, and phone calls
- Provides set-up and training of ALL students, school personnel, and 911 Dispatch
