ONLINE SURVEY FOR COMMUNITY MAPS

As part of the process of moving to By-Trustee Area elections, the first set of draft map scenarios were presented to the community by the District's demographers in October 2023. These maps were a starting point for community members to react to and provide feedback. Over the last six+ months, the district has collected written and verbal feedback, as well as community submitted maps, which have informed this second set of draft map scenarios. This second set of draft map scenarios was compiled from community feedback and draft maps received by the district and Community Trustee Area Districting (CTAD) Committee. The CTAD will be presenting this second set of draft map scenarios to the Board of Trustees at the next Map Hearing on March 20. Please fill out this brief survey on the second set of draft map scenarios to share your feedback as we continue to refine the committee's final recommendation on draft maps to the Board of Trustee, which will take place in April.
